## Türkiye Trade Agency: Your Innovative and Reliable Solution Partner in World Markets

Turkish Trade Agency is a pioneering organisation that increases Turkey's foreign trade capacity with its deep-rooted experience in export and international trade. Our company, which specialises in a wide range of areas ranging from foreign language proficiency in exports to access to foreign markets and goods export processes, provides strategic guidance to manufacturers, businesses and investors.

### Export Consultancy and Market Access

For businesses with foreign language barriers and difficulties in expanding into international markets, the Turkish Trade Agency offers comprehensive export consultancy to guide them in taking their products to world markets. It provides support in accessing potential customers, conducting market research and developing effective sales strategies.

### Supply Management and Financial Support

For businesses that have difficulties in raw material procurement and management, the Turkish Trade Agency increases the productivity of companies by establishing collaborations with affordable and quality suppliers. At the same time, it contributes to the growth of businesses with financing support and meets their capital requirements.

### Investment and Trade Orientated Partnerships

By creating trade-based partnerships for those who want to convert their money into investment, it supports investors to make effective use of their money. These partnerships provide reliable and innovative commercial opportunities, enabling both individual and institutional investors to make profitable investments.

Turkish Trade Agency creates various added values by contributing not only to the development of businesses but also to the development of the national economy, providing foreign currency inflows and supporting Turkey's effective position in international trade.

### As a result

We, as Turkish Trade Agency, act with a visionary approach to support our customers at every stage of foreign trade. While guiding the growth of businesses and investors, we also contribute to the development of the national economy. We invite everyone who wants to take part in the global market for a strong cooperation under the roof of the Turkish Trade Agency.
